WELCOME TO MOJO-ANIMAL PLANET 2016

The Animal Planet 2016 range is widely felt to be a coming of age for Mojo.

We have spent the last six years developing and honing our creative skills, striving always to achieve bigger and better things in terms of Quality and Workmanship.

Over the past 12 months we have been reviewing the entire product range and asking ourselves the simplest of questions, is this the best we can do? Obviously we felt it wasn't as 2016 will see 60+ models revamped and upgraded in terms of quality and finishing.

The final results speak for themselves, 2016 will see Mojo enter a new level both in terms of product quality and consumer awareness.

In addition to our range review 2016 will see the launch of numerous new models which include a Howling Wolf and Wolf Cub to add to our already successful Wolf figures, as well as additions to our Fantasy range which was hugely popular in 2015.

Play-Scape Backpacks

A completely new concept in play-sets. Our Play-Scape range features a backpack that transforms into a play scene whilst also incorporating a storage area for figurines. Launching in January 2016 the first two Play-Scape's will follow a Dinosaur and Wildlife theme with Farm and Stable sets planned for launch in the third quarter of 2016.

Thanks

We would like to thank the Animal Planet team for their continued support and look forward to building on the strong foundations that have developed over the past few years.

Finally a big thank you to everyone who has purchased our products over the past year, whether Distributor, Retailer or Consumer, we want you to know it's very much appreciated and never taken for granted.

Thank You!

New single item packaging

New for 2016 is the Animal Planet range in Platform packing. Modular packaging design with an open platform style showcases the Animal Planet branding element to best effect whilst preserving the products quality and its tactile nature. Easier to handle in-store, avoiding problematic messy display areas and offering a gift packed option. Animal Planet Displays and in-store POS material will complement the range ensuring a strong shelf presence.

Innovation and reliability

We believe establishing long-term relationships is key to the future of our business. To build the very best reputation for innovation and reliability we focus on the quality of our products and services, and the excellent customer care we work hard to provide. We take heed of and value all feedback.

Craft and expertise

We craft each animal in the Mojo range over a period of many months, from the initial design and sculpting through to the final processes of colouration and painting. We expertly research every detail to recreate as close to nature as possible the animals and creatures children know and love.

Safety and standards

The safety of children is of paramount importance to us in developing our products. Every animal in the Mojo range is rigorously tested and must fulfil all current worldwide safety standards before being introduced to the market.

European standards

EN71 Part 1, 2, & 3, EN71 Part 9, DIN53160 (German standard), Cadmium & Non-Phthalate.

US Standards

ASTM F963-11, CPSIA, Lead in surface coatings, Lead in substrate, Non-Phthalate, California Prop. 65.

China Standard

China Compulsory Certificate (CCC)

Japan Standard

Japan Food Sanitation Law (JFSL)

Saudi Arabia Standard

Saudi Arabia Standards Organization Certificate of Conformity (SASO)

Middle East Standard

Gulf Cooperation Council Conformity (GCC)
